

ALCOHOLIC BEVERAGES FROM BEAVER STREET LIQUOR

Your alcoholic beverages, sparkling water, and sodas will be supplied by Beaver Street Liquor, a Flagstaff liquor establishment. They'll be pre-packed onto our boats in individual burlap bags labeled with your name.

1) Complete this form:

You may pay by credit card or personal check - make checks out directly to Beaver Street Liquor; please post-date if you send it over four months before your trip. Please note that orders and order changes within 3 weeks of your trip date may not be accommodated. If you have booked your trip very last-minute, then please call Beaver Street to see if an order can still be placed. **Your payment will not be processed until a few days before your trip – please be mindful of the expiration date on your credit card.**

2) Return completed form to Beaver Street Liquor ASAP:

FAX to Beaver Street Liquor at: **928-774-8502** – call or email to confirm receipt!

MAIL to Beaver Street Liquor, **824 N. Beaver St., Flagstaff, AZ 86001**

EMAIL to beaverstreetliquor@gmail.com – request a confirmation email!

3) Please call Beaver Street Liquor **directly** at 928-774-8502 with any special requests or questions on prices/products.

Beverages supplied by Canyon Explorations/Expeditions: endless filtered water, Country Time pink lemonade, Gatorade, and Vitalyte, a powdered electrolyte replacement drink. We also supply locally-roasted coffee, instant decaffeinated coffee, regular and herbal teas, and hot chocolate. We have juice some mornings, and a limited number of canned beverages for during the day.

Please consider ordering sparkling water instead of soda - it's quite refreshing as well as healthfully hydrating! Remember that you'll be working hard to stay hydrated while on your trip, and sodas and alcohol are dehydrating – especially for children.

HARD LIQUOR NOTE: NO GLASS! If you would like to bring hard liquor, please decant it into a plastic container or purchase the ones bottled in plastic.

WINE NOTE: NO GLASS! Please decant glass-bottled wine into a plastic container; we have found that the Platypus brand soft plastic bottles work really well (available online and at select sporting goods stores).

Please note that due to limited boat space, we must limit the total amount of beverages (sodas, beer and wine combined) allowed per person.

Beverage limits per person:

Full Canyon trips	5 six-packs (beer and sodas combined)	<u>or</u>	3 three-liter wine boxes
Upper Canyon trips	2 six-packs (beer and sodas combined)	<u>or</u>	2 three-liter wine boxes
Lower Canyon trips	3 six-packs (beer and sodas combined)	<u>or</u>	2 three-liter wine boxes

Or any other combination of equal volume

You must be at least 21 years of age to purchase alcoholic beverages.

While not a common occurrence, cans and wine bladders can be damaged due to the nature of transporting them downstream.
